Gratitudes,
Aidyn

I'll burn slowly so
that you'll feel

I am
for real

Home is where my little sister
sings the same tune as I.

When I was away for college

Chop off my
hands

Chop off
my feet

What the
hell,
Aidyn...

Oh, sorry,
didn't
know you
were home.
But—

I'd do
it all for
you

SNAILORDS

Once, some hours past midnight,
I sat in a vacant computer lab,
nothing but faint lights from monitors
illuminated the dark room and
the eerie tunes of Modred's Lullaby,
accompanied by the dull creaking
of my chair to drown out the silence.

Heard the door moaned opened,
a kid shuffling in with his book bags,
uttered
"Oh shiet..."
his footstep slowly receded
towards the door until it slammed shut.

...ANYWAYS!
